AMENDED CLAIMS

This listing will replace all prior versions of the claims in the application.

What is claimed is:

- 1. (canceled)
- 2. (canceled)
- (presently amended) A wheelchair pushrim system comprising:
 - a) a pushrim;
 - b) a wheel connected to the pushrim; and
 - c) an insert compressibly fit between the pushrim and the wheel: wherein the insert is a concave trough and is made of a substantially elastic material.
- 4. (canceled)
- 5. (canceled)
- 6. (canceled)
- 7. (presently amended) A wheelchair pushrim system comprising:
 - a) a pushrim;
 - b) a wheel connected to the pushrim; and
 - c) an insert compressibly fit between the pushrim and the wheel; wherein the pushrim is substantially hollow and further comprises at least one rib which improves structural strength.
- 8. 16. (canceled)
- 17. (presently amended) A wheelchair pushrim system comprising:
 - a) a pushrim having a non-circular cross-section;
 - b) a wheel;
 - c) a connector connecting the pushrim to the wheel; and
 - d) an insert fit between the pushrim and the wheel; wherein the pushrim further comprises at least one support rib.
- 18. (canceled)

Response to Office Action SN 10/697,404

- 19. (canceled)
- 20. (original) A wheelchair pushrim system comprising:
 - a) a pushrim;
 - b) a wheel connected to the pushrim, wherein the pushrim has:
 - an elongated circular cross-section; and
 - ii. a support rib;
 - c) an insert compressibly fit between the pushrim and the wheel, wherein the insert:
 - i. is made of a substantially elastic material;
 - ii. is a concave trough; and
 - iii. has a gripping texture.
- 21. (original) The system of claim 20 wherein the insert is coated with neoprene.
